Hunting in the Rainforest

Hunting in the Rainforest with our **partner MAYO OLDIRI safaris Cameroon**. All safaris are conducted on a 1:1 basis, each hunting guest is accompanied by a professional hunter with own hunting vehicle and a team of trackers and carriers. Per safari a maximum of two hunters stay in one camp at the same time.
The first and last day is travel days, thus booking our 16 Days Safari means you have 14 entire hunting days at your disposal. Depending on the flight connections you might have the possibility to hunt on travel days as well.

Anti-Poaching Program and Local Community Development:

In order to maintain a year-round protection of hunting grounds against poachers and to help local village communities recognize the value of their natural environment and to preserve it, the government demands a surcharge of 10% on total trophy fees, which are administered directly by us.

We have implemented these programs in all of our hunting areas and the number and quality of trophies of the concerned game species is constantly rising due to this direct local funding, from which the hunting guest benefits eventually. This surcharge is added to total trophy fees at the conclusion of the safari.

Note: Government fees might be modified (increased) without prior notice. The outfitter cannot be held responsible for any such modification.
