## Hunting in Mozambique

Hunting in this concession is "fair chase" at its best. Hunting with our partner Mutemba Safaris on an unfenced concession, the game roaming on the concession is totally free range. The terrain can best be described as wooded sandveld savannah with patches of Mopani & acacia veld. There are areas that consist of dense brush where species like Suni & Nyala occur. This diversity of habitat accommodates a large variety of species ranging from predators to pigmy antelopes like Sharpe's Grysbeek. The average elevation is approximately 380m above sea level. There are also several natural pans in the area which attract game where we have established boreholes/wells to supplement them during the dry season.

Due to the size of the hunting area the hunting party will normally begin hunting early in the morning. Typically the vehicle is used to locate fresh spoor along the roads or at a waterhole, from where the hunting party will track the animals on foot. Comfortable walking can be expected as the terrain is reasonably flat.

One must be prepared to walk several miles per day in pursuit of your trophy, particularly in the case of buffalo. Whenever possible, lone bulls & bull groups are tracked, preferring to leave herd animals undisturbed.

**Safari season begins on the 1<sup>st</sup> April & ends on 30<sup>th</sup> November. The best time of year for buffalo is from beginning August to end of November. August is good for buffalo.**

**Accommodation:** Mtimbiri Camp, is located at GPS co-ordinates S 21°39'59.3"; E 032°09'46.2". The camp comprises of 4 chalets, entertainment area with adjoining lapa & splash pool. There is also a kitchen, laundry & thatched parking area. Each chalet is comfortably furnished and has a luxury en suite bathroom. Power is supplied by means of solar panels & batteries. A 12v to 220 v converter is provided in the entertainment area for the charging of cameras, etc. Water for the camp is pumped from a deep borehole/well and is suitable for drinking & everyday use.

For the field preparation of your trophies we have constructed a skinning facility & salting room with adjoining storeroom.
