Hunt in Sweden

The hunting areas of our partner, Camp Lapponia, are in the South part of Lapland. There are 4 hunting areas and have 8,000 ha, 4,600 ha, 3,100 ha and 2,400 ha respectively.

Airport:

The nearest international Airport to the camp is Vilhelmina/Lycksele. Alternatively Umea airport is also an option.

Method of hunting:

Black Grouse males are exclusively hunted on courtship territory, Hazel Grouse males are hunted with decoys and Capercaillie males are typically hunted for in the North Swedish region with the Finn Spitz.

Bird hunting:

22 Hornet or higher with full metal jacket. A shotgun over and under or a drilling is a very good choice.
