Welcome to the 40 000-hectare hunting grounds of Bóly Co. having excellent resources and abundant in big game and small game. About 20 % of their hunting ground is made up of woodlands where the game can find a place to stay and rest in the scattered forest plots, reed plots and lake systems. The quality of red deer trophies is outstanding, as proven by recent years’ statistics. The roe-deer stock of our agricultural hunting ground dotted with wetlands is outstanding, what is proved by our roebuck trophy.

GENERAL INFORMATION

GENERAL CONDITIONS OF HUNTING IN HUNGARY:

The hunting guest is obliged to only conduct hunts with local Hungarian hunting guides in Hungary. The hunting guest must strictly follow the instructions of the hunting guide and only bag the game identified and permitted to be shot by the hunting guide.

The harvested trophies have to be presented to the official Trophy Assessment Commission after the hunt and cannot be taken along by the hunter. The trophies are sent to the stated address.

The chargeable weight of the horns respectively antlers, need to be entered into the hunting protocol by the game reserve. If the weight has not been determined in the game reserve, you should be present at the trophy assessment. In case this is not possible, you are obliged to accept and pay the weight of the horns respectively the antlers as determined by the Trophy Assessment Commission.

The harvested and paid trophy is the property of the hunter, except for the game meat, which can be acquired by the hunting guest at an extra charge. The same applies to coats.

HUNTING REGULATIONS

Before the start of the hunt each hunting guest needs to purchase a hunting license for the respective state. This hunting license is organized by Blaser Safaris GmbH.

All hunting guests are requested to present a valid hunting license before the start of the hunt.
