HUNTING IN CROATIA & SERBIA

Unforgettable hunting in traditional areas, unforgettable also in unique landscapes – e.g., on the Karst coast of the Mediterranean!

Serbia and Croatia offer their guests a wide variety of hunting combined with culture and the unmistakable hospitality of the Balkan people!

Whether on the hunt for strong bucks in the wide Voivodina, whether on the rutting deer in the huge forest areas bordering Hungary – whether on bears in the forest areas north-east from Rijeka, whether on chamois and mouflons in the karst mountains along the Mediterranean or a mouflon hunt on the beautiful Island Ugljan, always surrounding the hunts a special flair, also our partner contributes to this not insignificantly!
