Carinthia / Maltatal

Hunting in Austria

Austria can be counted among the traditional hunting destinations. Besides the relatively short travel distance from Germany, the same language and hunting-related mindset, the Alps offer extraordinary hunting opportunities in beautiful landscapes. Where else can hunting, vacation and nature experiences be combined as ideally as in this unique mountain world? Whether you opt for the cozy guesthouse, a vacation home or a stylish hunting lodge as starting point of your hunt – you will be delighted by the hospitality and the hunting skills of your guides. Being mountain-experienced hunters, they guarantee your personal safety. Our hunting guides don't see you as only a customer but a fellow hunter; the experience often leads to close friendships. For us the hunting experience is as important as hunting success.

Due to many years of own experience and numerous exciting hunts, which we could witness ourselves in these hunting areas, we can guarantee that you will be delighted as well!

Hunting area

Our Partner Dr. Zundel'sche Forstverwaltung offers unforgettable hunting experiences in the border area of the High Tauern National Park. The hunting ground has a total size of approximately 3,200 ha and is located at heights of between 1,100 and 3,000 m.

The area is characterized by spruce, larch and Swiss pine forests, which give way to steep mountain pastures and cirques towards the tree line.

The dense forest road network of about 50 km is open to traffic up to a height of 1,800 m, where two comfortably furnished hunting lodges are available for hunting guests if required.

Game species/ Hunting seasons

Chamois:	1 st August – 31 st December
Stag:	1 st August – 31 st December
Roebuck:	1 st June – 30 th October
Marmot:	1 st August – 15 th October

The prevalent game species in this area is Chamois. Its habitat is mainly on steep mountain pastures above the tree line. Hunting Chamois is strenuous and demands technical ability from the marksman. With good basic fitness of the hunter, it is a unique and memorable and rewarding experience for everyone.

The same is true for stag hunts during the **rutting season (20th Sept. –10th Oct.)**, when the deer call trails off as an interminable echo in the cirques and steep forest sides. Hunting is done from raised stand or stalking. Trophy quality equates to the typical "mountain stag", thin and short-beamed, but with many points (antler weights of 2.5 to 4 kg).

Accommodation There are two possibilities for accommodation. For reservation and payment you are responsible yourself:

Farm stay accommodation with the Amlacher
incl. breakfast, own room with a shower and toilet

Haus Hofer ·
Familie Amlacher
Koschach 1
A-9854 Malta
Tel: +43 (0) 4733-320

with half- or full-board,
also very neat and comfortable:

Familie Egger
Koschach 4
A-9854 Malta
Tel: +43 (0) 47 33 / 330
Fax: +43 (0) 47 33 / 330 – 8
E-Mail: office@zirmhof.com

Hunting lodge The hunting lodge is located at a height of approximately 1,500 m and is equipped with bedroom, kitchen, toilet and shower.

Hunting methods	On Chamois and Stag hunts occasionally exhausting stalking. On all other hunts stalking or stand hunting.
Trophy assessment	<ul style="list-style-type: none"> • All trophies are assessed and charged according to CIC points. • Antlers are weighed with large braincase 24 hours after boiling. • After consultation with the head of game keeping it is sometimes possible to have trophies assessed as „green“ and take them home immediately.
Entry formalities	Passport or identification card, hunting license, gun ownership license, European firearms pass.
Test shot / Trophies	<p>To ensure compliance with hunting principles and above all to be able to guarantee a successful hunt, a test shot should be made with the hunting guide prior to the hunt.</p> <p>Shooting game of a specific desired class or quality cannot be guaranteed. Instructions of hunting guides and shooting range staff are to be followed at all times. They strive to enable you to enjoy carefree and successful hunting days and they always give their best. Please trust in their experience and guidance.</p>

Game species	Chamois:	Probably the most interesting mountain game for the dedicated hunter. The appeal of the hunt does not lie in the trophy score, but in the overall hunting experience.
	Red Deer:	Strong mountain stags reach antler weights of about 8 kg. An interesting and exciting hunt in the highlands, especially during the rut or before during the "fat-time".
	Mouflon:	Hunting season from 1 st June. Mouflon Ram with horn lengths of 70–85 cm. However, each year stronger rams are shot as well.
	Roebuck:	Can be found area-wide, apart from in the highlands. Antler weights of more than 300 g are the exception though.
	Mountain Grouse/ Black Grouse:	Grouse hunting is one of the most interesting hunting types in the highlands.

Prices 2019

Game species	Points according to CIC	Price
Chamois		
Chamois Buck	65–80 points	EUR 894 – to 1,139 –
	80–90 points	EUR 1,139 – to 1,578 –
