## Hunting in Austria

Austria can be counted among the traditional hunting destinations. Where else can hunting, vacation and nature experiences be combined as ideally as in this unique mountain world?

You will be delighted by the hospitality and the hunting skills of your guides. Being mountain experienced hunters, they guarantee your personal safety, and soon the hunting guide becomes a good friend, for whom the hunting experience is as important as hunting success.

### Hunting area

The hunting grounds of our **Partner Marcati Hotels & More** are located between 1,200 and 2,500 meters above sea level.

#### Hunting in Reith / Seefeld

The hunting ground Reith is located directly adjacent to Seefeld. In this very well accessible area, it is possible to hunt red deer, roe deer and chamois and there are sufficient hunting boxes available. The hunt does not require long marches and is therefore optimally suited for elderly guests.

Reith is a municipality with over 1,000 inhabitants in the district Innsbruck Land in Tyrol (Austria). The small town is situated at the foot of the 2,374 meters high Reither Spitze at the southern edge of the Seefeld Plateau, above the Inntal, from where a road leads over the Zirler Berg. The municipal area includes the villages Auland, Gschwandt, Krinz, Leithen, Mühlberg and the Haufendorf Reith.
