

Hunting in Newfoundland:

Our partner Victoria Outfitters Lodge specializes in Spring Black Bear hunting, Fall Black Bear hunting, and Moose hunting, as well as fishing (Ouananiche, Brook Trout and Atlantic Salmon), Corporate Getaways, Wilderness Excursions and some of the best sightseeing Newfoundland has to offer.

The Lodge:

The Lodge is located about 40 miles south of Millertown in Central Newfoundland. The site overlooks the Victoria River, near key gathering sites and migration routers for all types of big game and has attracted the interest of hunters and anglers alike.

The Lodge is located on one of the best areas for Black Bear and other big game hunting anywhere in the Province of Newfoundland and Labrador – a Province that boasts some of the largest black bear in North America and some of the highest moose densities in the world.

Our site consists of a main lodge with telephone services and four modern cabins. The Lodge contains a very spacious and cheerful dining and lounge area overlooking the Victoria River, as well as a full kitchen and two fully equipped bathrooms (one fully wheel chair accessible bathroom). The three adjacent cabins are designed to accommodate up to three people each, and a fourth cabin is available which has a room divider for privacy and can accommodate up to four people, perfect for a small family.

Air Travel:

Newfoundland is the most easterly point in North America and is the closest to Europe. When flying to Newfoundland you will fly from your nearest airport to Canada (generally via Toronto, Halifax or St. John's) and finally into Gander International Airport. **Upon arrival in Gander you will be met at the airport on Sunday and drive 3 hours to Victoria Lodge (2 hours on blacktop pavement and 1 hours on gravel road).** It may be possible to arrange Saturday pick-up, but this is dependent upon cabin availability. You will return to Gander the following Sunday (if hunting 6 days) or Friday (if hunting 10 days) for departure that evening or early the following morning.

Black Bear Hunting:

Black Bears are native to Newfoundland and are among the Largest Black Bears in North America with spring weights exceeding 500 lbs.; one of the largest weighed in at 676 lbs. and would put this bear close to 800 lbs. in the fall.

Our partner is located in prime areas for some of the largest Black Bears in North America (potential trophy size). The average weight of the Black Bears are from 200 lbs. to 350 lbs. with always the chance of taking one over 500 lbs. Skull size to date have ranged from 16 inch to over 21 inch with the largest length being 78 inch from nose to tail.

Prices 2019

Black Bear Hunt		
10 hunting days, hunt guidance 2:1	EUR	4,600 –

Surcharge for hunt guidance 1:1 per hunter	EUR	300 –

- Spring Hunting May 27 to July 1
- Fall Hunting: September 9 to October 28

Moose Hunting:

Moose are not native to Newfoundland but they introduced in 1904 and from there the numbers have grown tremendously. This area is one of the larges moose populations per square mile and has a high re-population rate.

The moose shed their antlers during the winter and they begin to grow again in the early spring until late August when they have reached their full potential. The bull moose breeding season or "rut" begins towards late September and continues until mid October.
