## Hunting in Siberia

The hunting ground of our partner **Sladkovo** has a healthy ecosystem with a size of 150,000 ha for high-level hunts, with a unique mixture of hunting possibilities: Wild Boar, Roebuck, Fox, Wolf, Lynx and a variation of Winged Game such as Duck, Snipe, etc. The rutting season is from **15<sup>th</sup> August to the first days of September**; however **October is also a very good hunting season**. Very strong bucks are always shot here. Trophies of 1 kg and more are possible, but rather the upper limit.
