HUNT CAPRIVI

For hunters who want to hunt big game, we have good hunting opportunities to some of the best areas in the Caprivi Strip. Hunting concessions are carefully selected based on animal movements during the season in combination with quota availability. This optimizes the chances for hunters to fulfill their hunting dreams.

Hunting camps in the Caprivi are usually located along rivers or embedded in the natural environment. Accommodation is in comfortable, luxury tents with en-suite bathrooms and hot showers. Guests can expect well-prepared meals and good service. Spending the evening around the campfire after a hard day's hunting listening to the symphony of nature is a truly unique experience.

HUNTING AREA AND LODGE

Bwabwata National Park is about 280,000 ha, on the Okavango River at the beginning of the Okavango Delta on the Namibian side. To the north lies Angola and to the south Botswana.

Our tented camp is situated on the banks of the Okavango and the chalets overlook the river. The tented camp was completed in April 2023, it consists of the typical South African spacious safari tents with accommodation for double or single occupancy.

Arrival via Windhoek Eros Airport to Rundu- from there about 2.5 hours by car east to the camp! The area is known for its high trophy quality of big game, and this is the special, there can be hunted „Hippo on land“!

GENERAL HUNTING INFORMATION

WOUNDED ANIMAL:

Wounded & lost game will be charged.

PERMITS:

In order to be able to offer our guests a successful hunt for capital and mature trophies, certain game species are only available in limited numbers (permits). We ask you to take this into consideration when booking and to indicate the trop-hies you wish to hunt.

BIG GAME:

For big game Cites papers have to be applied for. For this we need a color copy of your valid passport and current home address at least 4 weeks before the start of the trip!

HUNT KOU KUAS RANCH ON PLAINS GAME

Kou Kuas Ranch is located in the north of Namibia and with its higher rainfall provides the suitable habitat for most animal species. The main hunting area, a private game farm covers an area of about 14 000 hectares and sets the scene for the beginning of an unforgettable adventure. From dry river systems to flood plains and forests, Kou Kuas has it all.

LODGE

The guest accommodation consists of comfortable, newly renovated rooms and bathrooms that are modern in design, yet true to Namibia's African style. The lounge and dining areas are warm, inviting spaces where guests can relax and enjoy their African adventure to the fullest. The outdoor areas provide the perfect place to overlook a natural pan and watch game drinking at the nearby water hole.
