HUNTING IN ROMANIA

Our Partner “Asociatia Vanatorilor Si Pescarilor Sportivi Bradul” and partner grant access to about 250 000 ha of hunting ground, accessible to all our guest hunters in fields located from the Carpathian mountains to the Danube Delta in all types of biotopes: mountains, hills, plain, lakes and swamps, along the Danube and Danube Delta. The landscapes are magnificent and huge areas are as if deprived of human presence. In many mountain areas you can walk days and see only very few people.

The game is always 100 % wild animals, thus adding more emotions and some new dimension to your hunting experience. Weather conditions go from a normal 22°C to 30°C, to a sometimes very hot 38–40°C in the summer, to an average of +5 to -10°C with sometimes down to 25–28°C in the mountains and some “cold spots” areas. The hunter must be equipped according to the field and conditions at the place and moment of the hunting action.

Autumn is often a kind of “Indian summer”, with mild temperatures, mostly dry and pleasant.

Hunting in Romania is not only a hunting experience, it is also a human and cultural experience that opens a new window on Europe, it's an adventure in the wilderness in safety and excellent conditions. It also adds a new experience in gastronomy, as many specific dishes are proposed, accompanied by local wines in traditional style.

Our services are performed by a friendly, professional team of wild game administration and biology specialists, ready to listen to your wishes and answer your questions.

HUNTING AREAS

HUNTING AREA “CALARASI ISLAND”

Is an Island in the Danube, approx. 11.400 ha. From Bucharest about 2 hours, of which 1,5 hours Motor way, followed by ferry to Calarasi. The hunting area is flat and excellent for Wild boar (driven hunt for 10 – 12 persons), Red deer, Roe deer and Birds. Calarasi is divided into 3 different hunting areas, in one of them we hunt exclusively with our partner.
