## Game Hunters Africa - Eastern Cape Province - Stormberg Conservancy

### Hunting area Stormberg

The Stormberg Conservancy is a mixture of picturesque mountains and open valleys, situated in the high country of the Eastern Cape Province of South Africa. Part of this 100.000-acre conservancy's rich ecosystem includes 20 species of plains game, numerous game birds and waterfowl. This high altitude montane grassland area is famous for its Greywing Partridge hunting, and boasts the most stable populations of Vaal Rhebok in Africa.

The quarries in this area live from the open plains up to the rugged mountainsides, where the altitude extends up to 7500 feet above sea level. Hunting in this region can be strenuous due to the walking and stalking that is required. Hunters here will be exposed to long range shooting, so a good flat shooting rifle with variable scope is advisable. Cool temperatures can be experienced in this area; therefore, it is advisable to bring warm clothes. The days can be temperate, with cold mornings and evenings.

Animals that can be hunted in and around Stormberg conservancy are: Steenbok, Grey Duiker, Cape Grysbok, Oribi, Mountain Reedbuck, Vaal Rhebok, Cape, Black and White Springbok, White and Common Blesbok, Red Lechwe, Red Hartebeest, Fallow Deer, Black Wildebeest, Burchell's Zebra, Cape Eland.

### Accommodation Stormberg Buffelsfontein

Buffelsfontein is a colonial style lodge, which is set at the top of the Stormberg Mountains. After a solid day's hunting in the mountains, Buffelsfontein lodge can be a welcome sight for the weary and cold hunter. Fond memories of the day's hunting can be re-lived around the large stone fireplace in the entertainment room. Dinner is served in a separate dining room with a blazing log fire, adding to the warm atmosphere. Electricity is available at Buffelsfontein Lodge.

## Game Hunters Africa – Ostkap Provinz – Kat River Conservancy

### Hunting area Kat River

The Kat River conservancy is situated in the Eastern Cape Province of South Africa. This conservancy, which is over 125000 acres, was established in this cattle ranching area to promote the environment to ensure the enhancing of both flora and fauna.

The vegetation in the Kat River Conservancy varies from thick bushveld and indigenous forest to savannah. This country is home to most of South Africa's browsing species of antelope. Hunting is typically done by sitting and glassing across valleys and then getting oneself in a position to make a clean shot.

Temperatures are somewhat warmer in this temperate low-lying, thickly wooded country than in the high altitude of the Stormberg Conservancy. The evenings can be cool and the days warm to hot.

Animals that can be hunted in the Kat River conservancy are: Steenbok, Grey Duiker, Blue Duiker, Cape Grysbok, Impala, Bontebok, Cape Bushbuck, Nyala, Red Lechwe, Red Hartbeest, Blue Wildebeest, Common Waterbuck, Warthog, Bushpig, Burchell's Zebra, Gemsbok, Cape Kudu and Cape Eland.

### Accommodation Kat River Manzikhanya Lodge

Manzikhanya Lodge is located in the heart of the bush field. It consists of a central indoor lounge and indoor and outdoor dining area.

Guests can chat either inside or around a large open fire under the African sky, depending on the weather. Separate en-suite "Cabins" not far from the main house offers guests privacy and comfort. Batteries and paraffin are used for lighting and electricity.
