GENERAL HUNTING INFORMATION

During one of our visits in early January we could hardly believe how many woodcocks and common snipes inhabit the heathlands and woodlands. Hunts are conducted with setters, pointers and Springer Spaniels that retrieve the harvested snipes. You can expect daily bags of 10 to 20 snipes per hunter. Many French hunters have been traveling to Ireland for decades, when migrating snipes come here. A classical, very appealing and exciting hunt, which demands good shooting skills. In higher regions during these hunts, you will also encounter the popular red grouse that are quite numerous in Ireland.

PARTNER:

We offer with our partner J. M. M. Killorglin an unique opportunity for parties of 2 to 8 guns.

POSSIBLE ITINERARY:

- Leave the accommodation with your guide at around 9.00 am
- Hunting until 13.00 pm
- Lunch in a local pub
- Hunting until sunset

The firearm declaration for your own gun is organized by us in advance. At the latest 8 weeks prior to travel start date, the „European Firearms Pass“, hunting license and the passport in original must be sent by mail to us. The actual Firearm Import Permit is then issued by the local authorities.

WEAPONS:

Shotgun calibers 12, 16 and 20–28. Rental rifles available on site.

ARGENTINA

HUNTING IN ARGENTINA

OUR PARTNER:

Our Partner, Argentina Bighunting, has many years of experience in the field; our professional hunters support and take care of our clients personally, who also receive the assistance of qualified bird boys and highly trained pointer and retriever dogs. The number of daily rounds shot by the hunters depends on the bird species subject

to the shoot, but in every case, shooting will go beyond the expectations of our guests.

Altogether with wonderful landscapes, a great quantity of recovered pieces, good food, excellent wine, friendliness and shared anecdotes, our partner guarantees an unforgettable hunting trip.

ACCOMMODATION

The accommodations of all our bird hunting programs are of excellent quality. We cater to all lodging needs according to the preferences and budget of our customers. Luxurious hunting lodges, cozy country houses, traditional “estancias” on the grounds and even a 180-year-old palace are some of the choices available for our clients.

Following the main goal of our partner, our desire is to place our hunters as close as possible to the hunting grounds to avoid unnecessary trips.

SANTA ADELA

HUNTING AREA ENTRE RIOS

We are proud to manage the closest high volume dove roots from Buenos Aires

the main shooting area is in South Entre Rios Province where we manage a Huge extension of land. It is strategically located just two hours by car from Buenos Aires, so no domestic flights needed and it's very easy to get. Hunters save time and trouble when they hunt in this place.

Besides amazing dove shooting we are one of the few local companies that offer the rest of the species: ducks, perdiz, doves & pigeons in the same place.

The flagship lodge for this program is Santa Adela, also our main accommodation for bird shooting. It is a country house situated in the middle of an ancient grove which features ten double bedrooms with private bathroom.

The lodge is elegant and charming with the touch of its old days but with all the modern comfort. It provides careful personal service, international gourmet cuisine, air conditioning, Wi-Fi, phone service and easy access all year around.

HUNTING EXAMPLE

POSSIBLE ITINERARY

A short description of a normal itinerary for hunting parties booking a bird hunt near Buenos Aires.

- Day 1** Our services begin upon your arrival at Buenos Aires International Airport in the early morning. We help our clients with the gun clearance and prepare the gun introduction forms in advance. Then we take a van and drive directly to the lodge from the airport. Once we arrive at the lodge we offer a welcome drink. Our chef will prepare lunch afterwards; both Argentinian and International gourmet cuisine will be served at the main dining room. We go hunting in the afternoon immediately after lunch or after a nap, depending on the preferences of the clients. A professional hunter will decide what program would be most suitable for the party (doves or partridge) according to the time and hunting conditions, if we go for partridge we expect to shoot around of a couple of boxes (10/1 5 partridges) in the afternoon or 20 boxes if we go for doves. After hunting, snacks and drinks will be offered either on the deck or in the living room. Dinner will be prepared on request to provide a restful end to a long and happy day.
- Day 2** Starting with an early morning wake up call, we head out to start duck hunting. We shoot around 4 boxes on normal days. A light or full breakfast can be served on request. If only a light breakfast was chosen, the lodge welcomes you to enjoy a brunch later at the nearby lodge. After which guests could choose between continuing to hunt or taking a small break until lunch. The afternoon provides another chance to hunt (partridge, doves or pigeon if available).
- Day 3–4** Similar to day 2, the hunters also have the choicer to alter their program to try some of the other opportunities provided.
- Day 5** A final opportunity to hunt in the morning before lunch and driving back to Buenos Aires Int. airport and drop off the hunters over there.
